## PROFILE

- Junior Software Engineer and second-year undergraduate student
- I enjoy being challenged, solving problems, and learning new technologies and tools
- Fluent in Romanian (first language) and English (second language)
- Currently looking for a placement opportunity to develop new skills, as well as mastering the ones I already have

## EDUCATION

**BSc (Hons) Sound Engineering and Production**

**University of Salford, UK**

**(2019-2023)**

First-year: 1<sup>st</sup>

Second-year (1<sup>st</sup> term): 1<sup>st</sup>

**Key modules:**

- Web Audio API
- Advanced Audio Production
- Music Technology Systems
- Acoustics Laboratory
- Live Sound Connections
- Audio Systems

**Baccalaureate in Mathematics and Computer Science**

**Liceul teoretic "Iulia Zamfirescu", Romania**

**(2015-2019)**

Science Profile (Mathematics and Computer Programming) - this is the most demanding of all the academic programs. Achieved **8.38 / 10**

These are 2 of the main modules:

- Mathematics (Calculus, Trigonometry and Algebra)
- Computer Programming (C++, SQL, Microsoft Office)

## PROFESSIONAL DEVELOPMENT

- **Java 8 Essential Training**  
LinkedIn Learning (June 2021)
- **Python Essential Training**  
LinkedIn Learning (January 2021)
- **SQL Essential Training**  
LinkedIn Learning (January 2021)
- **JavaScript Algorithms and Data Structures**  
freeCodeCamp (October 2020)
- **Responsive Web Design**  
freeCodeCamp (October 2020)

## EMPLOYMENT HISTORY

**Student Ambassador**

**University of Salford, UK**

**(February 2020 - Present)**

- Planned and managed open days along with students and staff members.
- Helped prospective students and parents to navigate the open days.
- Part of the project: Unibuddy (Helping prospective students make the most important decision in life; Giving insights about the course and life at University)

#### **Waiter**

**Hesketh James, UK**

**(November 2019 - January 2020)**

- Worked in a team completing various tasks to ensure the highest level of customer service.
- Handling customer queries.
- In collaboration with team members successfully managed events with up to 2000 guests.

#### **TECHNICAL SKILLS**

- Good knowledge of Python, JavaScript, JQuery, SQL, Git, CSS, Bootstrap, HTML5, XML & JSON and AJAX.
- Exposure to Java8, C++, Node.js, React.js and Vue.js.
- Proficient in the use of Microsoft Office applications: Excel, Word, Outlook and PowerPoint.

#### **ADDITIONAL SKILLS**

##### **Communication and Customer Service:**

- Learned to communicate clearly and concisely while writing scientific reports as assignments at University.
- In my role as a Student Ambassador I built and maintained ongoing relationships with prospective students through communication.
- Working as a Waiter for Hesketh James allowed me to deal with a wide range of customers which I had to manage in a diplomatic way.

##### **Time Management:**

- Met multiple deadlines throughout my Academic studies. I used the Outlook calendar to ensure that deadlines were adhered to.
- Whilst studying at University, I committed to completing online courses in computer programming during my spare time. Thus, I developed planning skills to help me manage my time to maximum efficiency.

##### **Teamwork:**

- Working as a Waiter gave me the opportunity to work with others in an organized manner towards common goals.
- Developed and demonstrated collaboration while completing group projects for University.
- As a Student Ambassador, I organized open days together with students and staff members.
